

Payment Methods

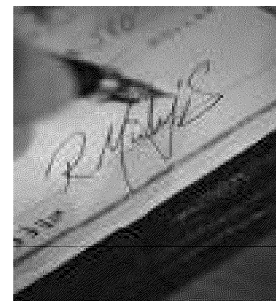

Visa*

Cold, hard
cash

MasterCard*

Company
& personal
checks

* In order to comply with our strict privacy protection requirements, we must **SWIPE** the credit card being offered for payment, allowing the card terminal to read the magnetic stripe on the back of the card. We are unable to accept credit cards over the phone or credit cards with unreadable magnetic stripes.

This fraud protection feature enables us to effectively deny would-be thieves "no connection" to any of your private information.
